What is White Mountains Pride? A celebration of the diversity of sexual orientation and gender identity for all lesbian, gay, bisexual, transgender, and queer (LGBTQ) people, and their friends and family, in the White Mountains region.

Why Pride? Since 1969 the month of June has been named Pride month, a time to recognize the continued importance that LGBTQ people have had on our history and culture, as well as to take a positive stance against the discrimination and violence the community faces. White Mountains Pride seeks to affirm New Hampshire's tradition of continuing the fight for equal rights for all citizens and fostering a community where all LGBTQ members feel valued, included, and safe.

The Colors of Pride Since June 1978 the Pride flag has been a beacon of Pride movements worldwide. Designed by Gilbert Baker, the flag debuted at the San Francisco Gay Freedom Day Parade. The six colors each represent a different meaning:

- Red: life
- Orange: healing
- Yellow: sunlight
- Green: nature
- Blue: harmony
- Purple: spirit.

Just as the Pride flag cannot be complete without each symbolic color White Mountains Pride depends on a diverse community to succeed.

Thank you to all our sponsors, vendors, and volunteers who work tirelessly to bring these activities and events together.
